The IoT Consulting Partners Group continues its adventure with Blockchain Verified Sweden AB

February 2nd, 2023 – IoT Consulting Partners Group, a global provider of Internet of (Medical) Things (IoMT) consulting services, is proud to announce its new adventure with Blockchain Verified Sweden AB, a provider of blockchain authentication and verification solutions specific for the Testing, Inspection and Certification Industry.

This strategic move will enable IoT Consulting Partners Group to offer a broader range of services to its clients, including cutting-edge blockchain technology. Bernie Fuller has joined Blockchain Verified Sweden as Managing Director from February 1st, 2023, further strengthening the company's expertise in this field.

"We are thrilled to welcome Bernie Fuller to the team and expand our offerings with Blockchain Verified Sweden AB," said Michel Wouters van den Oudenweijer, Founder and CEO of IoT Consulting Partners Group. "This move will allow us to provide comprehensive blockchain solutions to the Testing, Inspection and Certification community, and we look forward to exploring further opportunities in the exciting world of blockchain technology."

Bernie Fuller, Managing Director of Blockchain Verified Sweden AB, expresses his excitement about joining the multinational IOT Consulting Partners family and setting up Blockchain Verified Sweden AB. He states that blockchain technology is an evolution that will dominate the landscape in the coming years and sees the opportunity to pioneer true document authentication and eliminate false documents as thrilling. In his words, Blockchain Verified is authenticity, simplicity, and efficiency.

For more information, please contact Michel Wouters van den Oudenweijer, Founder and CEO, IoT Consulting Partners Group or Bernie Fuller, Managing Director, Blockchain Verified Sweden AB.
